- 3) The NMCI Certification request for SpecsIntact v4.3.0.835 has already been submitted.

UFGS Working Group Meeting Minutes

- 4) Once the SpecsIntact development team is confident the ThinApp version is ready for release the database managers can begin to implement formatted tables in the UFGS Sections.

Subject 7: Strategy For UFGS Concrete Sections

- 1) The SI-CCCB agreed the UFGS should be consistent with CSI.
- 2) Sharon Belcher will attempt to unify and disassemble the Concrete Sections. Status will be reported at the next UFGS Working Group Meeting in June.
- 3) If this can be done, it will eliminate the individual agency sections.

Subject 8: NBIM-BIM

- 1) The SI-CCCB stated that discussing NBIM-BIM at this time was premature and could be discussed at a future UFGS Working Group Meeting.

Subject 9: Philosophical Differences

- 1) This subject was brought up due to the inconsistencies of formatting practices throughout the UFGS database.
- 2) Integrate guidance for using Tailoring Options and Bracketed Options in the UFC 1-300-02.
- 3) Once the UFC 1-300-02 changes have been finalized, distribute to the Discipline Working Groups.

Subject 10: Technical Proponent List Updates

- 1) The Technical Proponent List was originally supposed to be updated/maintained by CMS.
- 2) Pat Robinson is currently reviewing and updating the Technical Proponent List since the one posted on the WBDG Web Site is out of date.
- 3) Pat Robinson has volunteered to do the initial update to the Technical Proponent List. The changes should be as follows:
 - a) Add Frank Der and the ISC Contractors as the contacts for NASA Sections.
 - b) Use the UFGS Tracking Chart that Carl Kersten updated.
 - c) Remove the Proponent Office column.
 - d) For the Current Proponents, add email addresses and remove phone numbers.
 - e) Add a column for Air Force
 - f) It was recommended that the format for the UFGS Technical Proponent List be changed to an MS Excel™ Workbook.
 - g) Once updates are complete the board members will review the changes for approval.
 - h) Pete will send the Technical proponent list to Air Force for their updates.

UFGS Working Group Meeting Minutes

- i) Once Carl Kersten and Pete Rossbach provide updates to the Technical Proponent List Pat Robinson will update and submit to NIBS for posting.
- j) Make sure every release the proponents list is updated.
- k) Once the initial update to the Technical Proponent List is done, Maggie Muller will continue the maintenance of the section numbers and names. In order to keep the list current, it will then be up to the agencies to inform Maggie Muller of any other changes.

Subject 11: Empty Section References

- 1) The board agreed that Empty Section References should not be used throughout the UFGS.
- 2) Each Agency will work on cleaning up empty references in their individual databases.
- 3) Sheron Belcher stated that she would like the development team to consider a way to handle the Section Verification Report differently in possible **future** releases. This appears to be one of the major hurdles for the Database Managers to coordinate since they maintain separate databases. They currently have a process in place, but it tends to be cumbersome especially when meeting strict deadlines.
- 4) Jim Whitehead stated that he could also add the Preparing Activity to the Section Verification Report if this would help the database management. It was agreed that it would definitely help even though it was not the ultimate solution.

Subject 12: Imperative Language

- 1) Army no longer use “per” throughout their database..
- 2) It was stated that “per” should be replaced with “in accordance with”.
- 3) The use of “may” is at the governments discretion.
- 4) The following modifications should be made to UFC 1-300-02
 - a) 2-3.1 Mood, Tense, and Voice
 - (1) Strike the statement “Use “can” and “may” to permit choice and identify guidance.”
 - (2) Replace with “Specify alternatives to be executed with guidance”
 - (3) Use “may” only when specifying government options.
 - (4) Second paragraph, delete “Avoid” and replace with “Do not use”

Subject 13: UFGS Check In/Check Out Process

- 1) Rick Hatcher would like a process in place to check in/check out UFGS Sections to avoid duplication of efforts between them and the Design Working Groups (DWG).
- 2) Carl Kersten feels as though NIBS could possibly set a system up for doing this as they are already doing it for the UFC documents.
